ATTACHMENT TO ADVISORY

The applicants' amendments to cancel claims 2-16 and add new claims 17-29 will be entered. The rejection of claims 17-29, which includes the limitations of previously rejection claims 2-16, will stand as being obvious over U.S. Patent Pub. No. 2002/0099110 to Norlin et al. in view of U.S. Patent No. 7,189,781 to Acevedo et al. as presented in the previous final action (05/17/2010). The applicants' did not present any further arguments and as such the combination of references still renders the presently claimed invention obvious in view of the prior art.
